

GOODCARE Health Care Consulting

... A Partners for Prosperity Recommended Service Provider

Program Summary: GOODCARE is a nationwide independent consulting firm that specializes in the economics of healthcare. They provide expert assistance to people at all stages of their lives, helping them understand and select the best health insurance plans for their specific situation.

HAVE DR. KATY PERSONALLY CONSULT WITH YOUR CLIENTS:

For only \$199 a client can have an initial 45-minute phone consultation with GOODCARE's president, Dr. Katy Votava. The session is ideal for:

- People who need to purchase health insurance, or want to compare the cost-effectiveness of their current health insurance.
- People at or approaching age 65 who want to make financially savvy health care choices. (The healthcare needs, options and costs of baby boomers and seniors are a special focus of Dr. Katy's research.)
- People who want an "advocate" who will explain their medicare and medigap options clearly and objectively.
- Individuals who have recently moved on from a job and need to understand COBRA as well as other insurance options.
- Anyone who wants to understand and evaluate various types of health insurance coverage.

This call is a working session which could provide guidance such as:

- Guidance on choosing the best, most affordable Medicare plan
- Helping them plan for healthcare costs in retirement
- Getting them started finding suitable individual health insurance
- Assisting with managing healthcare for an elder

In order to determine if this Initial Consultation will be valuable to a client, they can call GOODCARE toll free at 866-696-6543 and speak with a team member. The team member will review the client's needs and circumstances and be able to determine if Dr. Katy's consultation service can be helpful. If the client would like to proceed with the consultation, they will provide payment and a phone appointment will be scheduled.

Many clients have found this \$199 Initial Consultation to be a great starting point for their relationship with Dr. Katy because they immediately hear her level of expertise on the subjects of healthcare costs, insurance plans, Medicare, prescription plans, etc. and well as her medical background. They receive immediate benefit from their session, and feel confident with additional consulting work if it required. Others have found they get everything they need just from this initial consultation.

To have Dr. Katy help your clients with their health care questions and challenges via an Initial Consultation, please contact Cymantha Campbell at 866-696-6543, or cymantha.campbell@goodcare.com.

From GOODCARE Customers:

"You have de-mystified the whole process and we feel much more comfortable now than we did."

"Gold star for making the confusing world of health care simple!"

"You are a most valuable resource; thank you for your guidance."

"I'm thrilled with how well this went. In just an hour you made things understandable!"

From Financial Advisors who have attended GOODCARE presentations:

"This is the best session I've attended so far from the standpoint of providing useful information."

"Fantastic session—comprehensive, concise, relevant—topic would justify an entire day!"

"Came away with some good take aways to implement in my practice and in my client meetings."

EXPERIENCE THE VALUE WITH A COMPLIMENTARY CONSULTATION!

Dr. Katy Votava has graciously offered a complimentary consultation to our P4P and Fiscal Fitness™ advisors. You can take advantage of this generous offer to consult about your own health care options and costs, or that of a parent. You will feel confident referring anyone to Dr. Katy after experiencing her expertise first-hand. Contact Cynthia Campbell at 866-696-6543, or cymantha.campbell@goodcare.com and let her know you're with us.
